

# DEEKSHA AGARWAL

---

## Mobile App Developer

Ghaziabad, Uttar Pradesh, India 201001 | +91 7048994315 | [deekshaa.dev@gmail.com](mailto:deekshaa.dev@gmail.com) | [Linkedin](#) | [Github](#) | [Twitter](#)

## CAREER SUMMARY:

---

Experienced Flutter developer with knowledge in Node.js backend development. Proficient in iOS development with SwiftUI. Skilled in creating user-friendly applications and collaborative problem-solving

## WORK EXPERIENCE:

---

### Uveous Softtech Pvt Ltd.

Mobile Application Developer | Flutter | September, 2023 - Present

- **Achieved two appraisals within a year** due to consistent performance and exceptional contributions to multiple projects.
- **Received an additional \$100 from a client** who was highly satisfied with the quality of work delivered, demonstrating a strong client focus and exceeding expectations.
- **Published 3-4 apps on both the App Store and Google Play Store**, ensuring they meet platform guidelines and deliver a seamless user experience.
- Built an e-sim app with add to cart, wallet top-ups, and payment gateway integration.
- Implemented REST APIs to integrate remote data with the app.
- Focused on vendor functionalities and quote management in a work-order app.
- Integrated Google Maps API for location-based push notifications in the app.
- Utilized Bloc, GetX, and Provider for state management.

### Swiphr

Junior Mobile Developer | Flutter | May, 2023 - September, 2023

- Contributed to the development of an e-commerce application.
- Utilized Bloc for state management in the project.
- Learned Flutter while actively working on the application.

## RELEVANT PROJECTS:

---

### Simles - eSIM Purchasing App

Mobile Development | Flutter | Uveous Softtech Pvt Ltd.

[Link to Google Play Store](#)

- **Developed an e-SIM purchasing app** where users can select bundles, add them to the cart, and complete purchases using wallet or card payments, integrated with a payment gateway.
- **Implemented RESTful APIs** to enable smooth functionality across various app features.
- **Added push notifications** to enhance user engagement and provide real-time updates.
- Translated client-provided UI designs into a fully functional app, delivering a high-quality user experience.
- **Deployed the app on both Google Play Store and Apple App Store** (currently in review on the App Store)

### Jiffy Junk - Junk Removal System

Mobile Development | Flutter | Uveous Softtech Pvt Ltd.

- **Implemented push notifications and location-based alerts** to notify users when they are within a specified radius of a work order location.

- **Integrated Google Maps API and Directions API** to display routes and added polylines between locations on the map for enhanced navigation.
- Implemented RESTful APIs to ensure smooth data exchange between the app and the server.
- Utilized Bloc for state management, providing a structured and maintainable architecture for the application.
- Enhanced user experience with real-time location tracking and seamless interaction with map-based features.

## EDUCATION:

---

**2023 - Present | Dr. A.P.J. Abdul Kalam Technical University, Lucknow | Inmactec Institutions**  
Masters of Computer Application (MCA)

**2020 - 2023 | Chaudhary Charan Singh University, Meerut | Inmantec Institutions**  
Bachelors of Computer Application (BCA)

**2019 - 2020 | Shree Thakurdwara Balika Vidyalaya, Ghaziabad**  
Class 12 (Senior Secondary) - CBSE

**2017 - 2018 | Shree Thakurdwara Balika Vidyalaya, Ghaziabad**
